510 Occupational Safety and Health Standards for the Construction Industry

Course Description: This course for private sector personnel is a prerequisite for attendance at the OSHA 500 Outreach Trainer course, covering OSHA policies, procedures, and standards, as well as construction safety and health principles. Topics include scope and application of the OSHA construction standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. Upon completion of the hourly and course requirements, the student receives a certificate verifying course completion.

# of Days	Times	Credits	Tuition

NCOS-510-N2C	Nov. 29 - Dec. 2, 2011	TWRF	Warwick, RI

500 Trainer Course in Occupational Safety and Health Standards for the Construction Industry

PREREQUISITES: OSHA Course 510 and five (5) years of construction safety experience. A college degree in occupational safety and health, a Certified Safety Professional (CSP) or a Certified Industrial Hygienist (CIH) designation, in the applicable training area, may be substituted for two (2) years of experience.

Course Description: This course is designed for personnel in the private sector interested in teaching the 10- and 30-hour construction safety and health outreach program to their employees and other interested groups. Special emphasis is placed on those topics that are required in the 10- and 30-hour programs as well as on those that are the most hazardous, using OSHA standards as a guide. Course participants are briefed on effective instructional approaches and the effective use of visual aids and handouts. This course allows the student to become a trainer in the Outreach Program and to conduct both a 10- and 30-hour construction safety and health course and to issue cards to participants verifying course completion.

NOTE: Students in Course 500 who wish to participate as authorized trainers in the Outreach Program must prepare a presentation on an assigned OSHA construction Outreach topic and successfully pass a written exam. Authorized Outreach Trainers are required to attend Course 502 at least once every four years to maintain their trainer status.

511 Occupational Safety and Health Standards for General Industry

Course Description: This course for private sector personnel is a prerequisite for attendance at the OSHA 501 Outreach Trainer course, covering OSHA policies, procedures and standards, as well as general industry safety and health principles. Topics include scope and application of the OSHA general industry standards. Special emphasis is placed on those areas that are the most hazardous, using OSHA standards as a guide. OSHA 29 CFR 1910 subparts are explored along with pertinent recordkeeping and program requirements. Upon completion of the hourly and course requirements, the student receives a certificate verifying course completion.

501 Trainer Course in Occupational Safety and Health Standards for General Industry

PREREQUISITES: OSHA Course 511 and five (5) years general industry safety experience. A college degree in occupational safety and health, a Certified Safety Professional (CSP), or a Certified Industrial Hygienist (CIH) designation in the applicable area may be substituted for two (2) years of experience. Those registering for the OSHA 501 course must submit a resumé documenting specific general industry safety-related experience, a copy of your 511 training certificate, and a Prerequisite Verification Form along with the registration form, prior to the course start date.

Course Description: This course is designed for personnel in the private sector interested in teaching the 10-hour and 30-hour general industry safety and health outreach programs to their employees and other interested groups. Special emphasis is placed on those topics required in the 10-hour and 30-hour programs, as well as on those that are the most hazardous, using OSHA standards as a guide. Course participants are briefed on effective instructional approaches and use of visual aids and handouts. This course allows the student to become a trainer in the Outreach Training Program and to conduct both 10-hour and 30-hour general industry safety and health outreach courses and to issue cards to participants verifying course completion.

NOTE: Students in Course 501 who wish to participate as authorized trainers in the OSHA Outreach Training Program must prepare a presentation on an assigned OSHA General Industry topic and pass a written exam. Authorized OSHA Outreach Trainers are required to attend Course 503 at least once every four (4) years to maintain their outreach program trainer status.
